VERSION NO :				TESTED BY : ATHIRA M		
VERIFIED BY : EBIN KURIAN				TESTED DATE : 20/09/2026		
ENVIRONMENT DETAILS : IPHONE 12, IOS				MODULE NAME : REGISTRATION		
TEST_ID	TEST DESCRIPTION	TEST PROCEDURE	TEST DATA	EXPECTED RESULT	ACTUAL RESULT	STATUS
NAU_REG_14	Verify that the Mobile Number screen is displayed correctly when the user initiates the registration process	1. Launch the Naukri app 2. Navigate to the registration option 3. Observe the initial registration screen		The Mobile Number field should be displayed correctly and allow the user to enter a mobile number	The Mobile Number field is displayed correctly and allows the user to enter a mobile number	PASS
NAU_REG_15	Verify that the Mobile Number field accepts a valid mobile number	1. Launch the Naukri app 2. Navigate to the registration option 3. Enter a mobile number in the mobile number field	6282628234	The Mobile Number field should accept a valid mobile number	The Mobile Number field accepts a valid mobile number	PASS
NAU_REG_16	Verify that the Mobile Number field rejects a blank input	1. Launch the Naukri app 2. Navigate to the registration option 3. Leave the mobile number field blank		The Mobile Number field should reject blank input and display appropriate validation message	The Mobile Number field rejects blank input and display appropriate validation message	PASS
NAU_REG_17	Verify that the Mobile Number field rejects a number with fewer than 10 digits	1. Launch the Naukri app 2. Navigate to the registration option 3. Enter a mobile number with fewer than 10 digits	623456	The Mobile Number field should reject a number with fewer than 10 digits	The Mobile Number field reject a number with fewer than 10 digits	PASS
NAU_REG_18	Verify that the Mobile Number field rejects a number with more than 10 digits	1. Launch the Naukri app 2. Navigate to the registration option 3. Enter a mobile number with more than 10 digits	897867456778	The Mobile Number field should reject a number with more than 10 digits	The Mobile Number field reject a number with more than 10 digits	PASS
NAU_REG_19	Verify that the Mobile Number field rejects alphabetic characters and special characters	1. Launch the Naukri app 2. Navigate to the registration option 3. Enter alphabetic and special characters in mobile number field	ad@#4&**	The Mobile Number field should reject alphabetic and special characters	The Mobile Number field rejects alphabetic and special characters	PASS
NAU_REG_20	Verify that the OTP screen is displayed after entering the mobile number	1. Launch the Naukri app 2. Open the registration screen 3. Enter a valid 10-digit mobile number 4. Click on the Continue/Register option 5. Observe the next screen		The OTP verification screen should be displayed after entering the mobile number	The OTP verification screen is displayed after entering the mobile number	PASS
NAU_REG_21	Verify that the OTP input field is displayed on the OTP verification screen	1. Launch the Naukri app 2. Open the registration screen 3. Enter a valid 10-digit mobile number 4. Click on the Continue/Register option 5. Observe the OTP screen		The OTP input field should be displayed correctly	The OTP input field is displayed correctly	PASS
NAU_REG_22	Verify that the OTP is sent to the registered mobile number	1. Launch the Naukri app 2. Open the registration screen 3. Enter a valid 10-digit mobile number 4. Proceed to OTP verification 5. Check the registered mobile number for the OTP		An OTP should be sent to the registered mobile number	An OTP is sent to the registered mobile number	PASS

	NAU_REG_23	Verify that the OTP field accepts a valid OTP	1. Launch the Naukri app 2. Open the registration screen 3. Enter a valid 10-digit mobile number 4. Proceed to OTP verification 5. Enter the OTP received on the registered mobile number 6. Submit the OTP	888111	The OTP field should accept the valid OTP	The OTP field accepts a valid OTP	PASS
	NAU_REG_24	Verify that the application rejects an invalid OTP	1. Launch the Naukri app 2. Open the registration screen 3. Enter a valid 10-digit mobile number 4. Proceed to OTP verification 5. Enter an invalid OTP and submit it	678900	The application should reject the invalid OTP and display appropriate validation message	The application reject the invalid OTP and display an appropriate validation message	PASS
	NAU_REG_25	Verify that a valid OTP is accepted within the specified validity period	1. Launch the Naukri app 2. Open the registration screen 3. Enter a valid 10-digit mobile number 4. Proceed to OTP verification 5. Enter the valid OTP within its validity period and submit	888111	The valid OTP should be accepted within the specified validity period	The valid OTP is accepted within the specified validity period	PASS
	NAU_REG_26	Verify that an expired OTP is rejected after the specified validity period	1. Launch the Naukri app 2. Open the registration screen 3. Enter a valid 10-digit mobile number 4. Proceed to OTP verification 5. Wait until the OTP expires 6. Enter the expired OTP and submit	678900	The application should reject the expired OTP	The application rejects the expired OTP	PASS
	NAU_REG_27	Verify that the Resend OTP option generates a new OTP	1. Launch the Naukri app 2. Open the registration screen 3. Enter a valid 10-digit mobile number 4. Proceed to OTP verification 5. Click the Resend OTP option		A new OTP should be generated when Resend OTP is selected	A new OTP is generated when Resend OTP is selected	PASS
	NAU_REG_28	Verify that the previous OTP becomes invalid after a new OTP is generated	1. Launch the Naukri app 2. Open the registration screen 3. Enter a valid 10-digit mobile number 4. Proceed to OTP verification 5. Generate a new OTP using Resend OTP 6. Enter the previous OTP and submit	888111	The previous OTP should become invalid after a new OTP is generated	The previous OTP become invalid after a new OTP is generated	PASS
	NAU_REG_29	Verify that the OTP countdown/timer is displayed and works correctly	1. Launch the Naukri app 2. Open the registration screen 3. Enter a valid 10-digit mobile number 4. Proceed to OTP verification 5. Observe the OTP countdown/timer		The OTP countdown/timer should be displayed and should work correctly	The OTP countdown/timer is displayed and should work correctly	PASS

	NAU_REG_30	Verify that the registration screen is displayed correctly	1. Launch the application 2. Navigate to the Registration screen 3. Verify that the Registration screen is displayed		The Registration screen should be displayed properly without any errors	The Registration screen is displayed properly without any errors	PASS
	NAU_REG_31	Verify that all required field labels are displayed on the registration screen	1. Launch the application 2. Navigate to the Registration screen 3. Observe the field labels		All required field labels should be displayed correctly	All required field labels are displayed correctly	PASS
	NAU_REG_32	Verify that appropriate placeholders are displayed for the input fields	1. Launch the application 2. Navigate to the Registration screen 3. Observe the placeholders		Appropriate placeholders should be displayed for the respective input fields	Appropriate placeholders are displayed for the respective input fields	PASS
	NAU_REG_33	Verify that mandatory fields are indicated with an asterisk (*)	1. Launch the application 2. Navigate to the Registration screen 3. Observe the mandatory field labels		Mandatory fields should be clearly indicated with an asterisk (*)	Mandatory fields are clearly indicated with an asterisk (*)	PASS
	NAU_REG_34	Verify that all registration screen elements are properly aligned and displayed without overlapping	1. Launch the application 2. Navigate to the Registration screen 3. Observe all screen elements		All registration screen elements should be properly aligned and should not overlap	All registration screen elements are properly aligned and it does not overlap	PASS
	NAU_REG_35	Verify that the Full Name field accepts a valid name	1. Launch the application 2. Navigate to the Registration screen 3. Click on the Name field 4. Enter a valid full name	Athira M	The Full Name field should accept a valid name	The Full Name field accepts a valid name	PASS
	NAU_REG_36	Verify that the Name field does not accept two or more consecutive spaces between words	1. Launch the application 2. Navigate to the Registration screen 3. Click on the Name field 4. Enter a name with 2 or more consecutive spaces between words	Athira M	The Name field should not accept two or more consecutive spaces between words.	The Name field does not accept two or more consecutive spaces between words.	PASS
	NAU_REG_37	Verify that the Name field rejects numeric and special characters	1. Launch the application 2. Navigate to the Registration screen 3. Click on the Name field 4. Enter numeric and special characters in name field	Athira123, Athira@	The Name field should reject numeric and special characters	The Name field rejects numeric and special characters	PASS
	NAU_REG_38	Verify that the Name field rejects blank input	1. Launch the application 2. Navigate to the Registration screen 3. Click on the Name field 4. Leave the name field blank		The Name field should reject blank input and display appropriate validation message	The Name field rejects blank input and display an appropriate validation message	PASS
	NAU_REG_39	Verify that the Email ID field accepts a valid email address	1. Launch the application 2. Navigate to the Registration screen 3. Enter an Email ID in the Email field	athira123@gmail.com	The Email ID field should accept a valid email address	The Email ID field accepts a valid email address	PASS
	NAU_REG_40	Verify that the Email ID field rejects an empty value	1. Launch the application 2. Navigate to the Registration screen 3. Leave the Email ID field blank		The Email ID field should reject an empty value and display appropriate validation message	The Email ID field rejects an empty value and display an appropriate validation message	PASS

	NAU_REG_41	Verify that the Email ID field rejects an invalid email format	1. Launch the application 2. Navigate to the Registration screen 3. Enter an invalid Email ID in the Email field	athira@	The Email ID field should reject an invalid email format	The Email ID field rejects an invalid email format	PASS
	NAU_REG_42	Verify that the Email ID field rejects an incomplete email address	1. Launch the application 2. Navigate to the Registration screen 3. Enter an incomplete Email ID	athira@google	The Email ID field should reject an incomplete email address	The Email ID field rejects an incomplete email address	PASS
	NAU_REG_43	Verify that the Password field accepts a valid password	1. Launch the application 2. Navigate to the Registration screen 3. Click on the Password field 4. Enter a valid password in the password field	Athira@1234	The Password field should accept a valid password	The Password field accepts a valid password	PASS
	NAU_REG_44	Verify that the Password field rejects a blank input	1. Launch the application 2. Navigate to the Registration screen 3. Click on the Password field 4. Leave the Password field blank		The Password field should reject blank input and display appropriate validation message	The Password field rejects blank input and display an appropriate validation message	PASS
	NAU_REG_45	Verify that the Password field rejects a password below the minimum length	1. Launch the application 2. Navigate to the Registration screen 3. Click on the Password field 4. Enter a password with fewer than 6 characters	Abcd	The Password field should reject a password below the minimum length	The Password field rejects a password below the minimum length	PASS
	NAU_REG_46	Verify that the Password field masks the entered password	1. Launch the application 2. Navigate to the Registration screen 3. Click on the Password field 4. Enter a password in the Password field 5. Observe the entered characters	Athira@1234	The entered password should be masked	The entered password is masked	PASS
	NAU_REG_47	Verify that the Password field provides an eye icon to view the entered password	1. Launch the application 2. Navigate to the Registration screen 3. Look for the Eye icon in the Password field	Athira@1234	An eye icon should be displayed in the Password field	An eye icon is displayed in the Password field	PASS
	NAU_REG_48	Verify that clicking the Eye icon displays the entered password	1. Launch the application 2. Navigate to the Registration screen 3. Click on the Password field 4. Enter a password in the Password field 5. Click the Eye icon	Athira@1234	Clicking the Eye icon should display the entered password	Clicking the Eye icon displays the entered password	PASS
	NAU_REG_49	Verify that clicking the Eye icon again masks the password	1. Launch the application 2. Navigate to the Registration screen 3. Click on the Password field 4. Enter a password in the Password field 5. Click the Eye icon again	Athira@1234	Clicking the Eye icon again should mask the password	Clicking the Eye icon again masks the password	PASS

	NAU_REG_50	Verify that the Password field rejects weak passwords that do not meet the password strength requirements	1. Launch the application 2. Navigate to the Registration screen 3. Click on the Password field 4. Enter a weak password in the Password field	abcdefg	The Password field should reject a password that does not meet the specified strength requirements	The Password field accepts a password that does not meet the specified strength requirements	FAIL
	NAU_REG_51	Verify that the Password field does not allow copy and paste operations	1. Launch the application 2. Navigate to the Registration screen 3. Click on the Password field 4. Enter a password in the Password field 5. Attempt to copy and paste the password	Athira@1234	Copy and paste operations should not be allowed in the Password field	Copy and paste operations are allowed in the Password field	FAIL
	NAU_REG_52	Verify that the Resume section displays the supported file formats and maximum file size	1. Launch the application 2. Navigate to the Registration screen 3. Open the Resume section 4. Review the displayed upload requirements 5. Check the supported formats and file-size limit		The supported file formats and maximum file size should be displayed correctly	The supported file formats and maximum file size are displayed correctly	PASS
	NAU_REG_53	Verify that the user can upload a supported resume file	1. Launch the application 2. Navigate to the Registration screen 3. Open the Resume section 4. Click the resume upload option 5. Select a supported resume file 6. Complete the upload	Resume.pdf	The supported resume file should be uploaded successfully	The supported resume file is uploaded successfully	PASS
	NAU_REG_54	Verify that the application rejects an unsupported resume file	1. Launch the application 2. Navigate to the Registration screen 3. Open the Resume section 4. Click the resume upload option 5. Select an unsupported resume file	Resume.txt	The application should reject the unsupported resume file and display appropriate validation message	The application rejects the unsupported resume file and display an appropriate validation message	PASS
	NAU_REG_55	Verify that the application rejects a resume exceeding the maximum file size	1. Launch the application 2. Navigate to the Registration screen 3. Open the Resume section 4. Click the resume upload option 5. Select resume file exceeding the maximum limit	Resume1.pdf	The application should reject the resume that exceeds the maximum allowed file size	The application rejects the resume that exceeds the maximum allowed file size	PASS
	NAU_REG_56	Verify that the uploaded resume is displayed correctly	1. Launch the application 2. Navigate to the Registration screen 3. Open the Resume section 4. Upload a supported resume file 5. Observe the uploaded resume	Resume.pdf	The uploaded resume should be displayed correctly after successful upload	The uploaded resume is displayed correctly after successful upload	PASS
	NAU_REG_57	Verify that the promotional communication checkbox is displayed	1. Launch the application 2. Navigate to the Registration screen 3. Observe the promotional communication checkbox		The promotional communication checkbox should be displayed correctly	The promotional communication checkbox is displayed correctly	PASS

	NAU_REG_58	Verify that the user can select the promotional communication checkbox	1. Launch the application 2. Navigate to the Registration screen 3. Click on the promotional communication checkbox		The user should be able to select the checkbox	The user can select the checkbox	PASS
	NAU_REG_59	Verify that the user can deselect the promotional communication checkbox	1. Launch the application 2. Navigate to the Registration screen 3. Click on the promotional communication checkbox again		The user should be able to deselect the checkbox	The user can deselect the checkbox	PASS
	NAU_REG_60	Verify that the Register button is displayed	1. Launch the application 2. Navigate to the Registration screen 3. Observe the Register button		The Register button should be displayed correctly	The Register button is displayed correctly	PASS
	NAU_REG_61	Verify that registration is prevented when mandatory fields are empty	1. Launch the application 2. Navigate to the Registration screen 3. Leave the mandatory fields empty 4. Click the Register button		Registration should not proceed when mandatory fields are empty and appropriate validation should be displayed	Registration is not proceeded when mandatory fields are empty and an appropriate validation message is displayed	PASS
	NAU_REG_62	Verify that registration proceeds when valid mandatory details are provided	1. Launch the application 2. Navigate to the Registration screen 3. Enter valid values in all mandatory fields 4. Click the Register button	Valid Registration Details	Registration should proceed when all mandatory details are valid	Registration is proceeded when all mandatory details are valid	PASS

Open Education Details 5. Click University/Institute 6. Enter an invalid value	Abcdefgh University	Invalid university/institute input should be rejected appropriately	Invalid university/institute input is not rejected appropriately	FAIL
	NAU_UP_114	Verify that the Starting Year and Passing Year can be selected	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Education Details 5. Select a starting and passing year	Starting Year: 2022 Passing Year: 2026	Selected years should be populated correctly	Selected years are populated correctly	PASS

	NAU_UP_115	Verify that the Passing Year cannot be earlier than Starting Year	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Education Details 5. Select a Starting Year 6. Select an earlier Passing Year	Starting Year: 2024 Passing Year: 2022	The application should prevent the invalid year combination and display appropriate validation message	The application prevents the invalid year combination and display appropriate validation message	PASS
	NAU_UP_116	Verify that the Grading System can be selected	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Click the Grading System 5. Select a grading system	Scale 10 Grading System	The selected grading system should be displayed correctly	The selected grading system is displayed correctly	PASS
	NAU_UP_117	Verify that the CGPA accepts a valid value according to the selected grading system	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Click the Grading System 5. Select CGPA grading system 6. Enter a valid CGPA	8.8	The valid CGPA should be accepted	The valid CGPA is accepted	PASS
	NAU_UP_118	Verify that the CGPA does not accept a value exceeding the selected grading scale	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Click the Grading System 5. Select CGPA grading system 6. Enter a value exceeding the grading scale	11.1	The value should be rejected with appropriate validation message	The value is rejected with appropriate validation message	PASS
	NAU_UP_119	Verify navigation to the next profile-creation step after entering valid education details	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Enter valid education details 5. Click the available Next/Continue option	Valid Educational Details	The user should proceed to the next profile-creation step successfully	The user proceeds to the next profile-creation step successfully	PASS
	NAU_UP_120	Verify that the user can add a skill manually	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Key Skills 5. Enter and add a skill	Java	The skill should be added successfully	The skill is added successfully	PASS
	NAU_UP_121	Verify that the suggested skills can be added	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Key Skills 5. Enter a skill keyword 6. Select a suggested skill	Java	The selected suggested skill should be added	The selected suggested skill is added	PASS
	NAU_UP_122	Verify that the user can remove an added skill	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Key Skills 5. Add a skill 6. Select the remove option for the skill	Java	The selected skill should be removed	The selected skill is removed	PASS
	NAU_UP_123	Verify that multiple skills can be added	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Key Skills 5. Add multiple skills	Java, SQL, Manual Testing	Multiple skills should be added successfully	Multiple skills are added successfully	PASS

	NAU_UP_124	Verify that the Key Skills field does not accept unrecognized skill entries	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Key Skills 5. Enter an unrecognized value 6. Try to add it	Abcd	The unrecognized skill should not be accepted and an appropriate validation message should be displayed	The unrecognized skill are accepted and no validation message is displayed	FAIL
	NAU_UP_125	Verify that the Key Skills field does not accept blank input	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Key Skills 5. Leave the field blank		Blank input should not be accepted for the key skills field	Blank input is not accepted for key skills field	PASS
	NAU_UP_126	Verify that the drop-down list is displayed for the Languages Known field	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Languages Known 5. Click the language field		Available language options should be displayed	Available language options are displayed	PASS
	NAU_UP_127	Verify that the user can select a language from the drop-down list	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Languages Known 5. Select a language	English	The selected language should be added/displayed correctly	The selected language is added/displayed correctly	PASS
	NAU_UP_128	Verify Internship details fields are displayed	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Navigate to Internship Details 5. Observe the available field		Internship details fields should be displayed correctly	Internship details fields are displayed correctly	PASS
	NAU_UP_129	Verify Company Name accepts valid input	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Navigate to Internship Details 5. Click Company Name 6. Enter a valid company name	TCS	Valid company name should be accepted	Valid company name is accepted	PASS
	NAU_UP_130	Verify that the Company Name rejects invalid company names	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Navigate to Internship Details 5. Click Company Name 6. Enter an invalid company name	@@@123	Invalid company name should be rejected appropriately	Invalid company name is rejected appropriately	FAIL
	NAU_UP_131	Verify Internship Duration can be entered	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Internship Details 5. Enter the internship duration	September 2025 - December 2025	Internship duration should be accepted and displayed correctly	Internship duration is accepted and displayed correctly	PASS
	NAU_UP_132	Verify internship end date cannot be before the start date	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Internship Details 5. Select internship start date 6. Select an earlier end date	Start : september 2025 end : July 2025	Earlier end date should not be accepted	Earlier end date is not accepted	PASS
	NAU_UP_133	Verify Project Name accepts valid input	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Internship Details 5. Click Project Name 6. Enter a project name	Online Food Delivery Application	Valid project name should be accepted	Valid project name is accepted	PASS

	NAU_UP_134	Verify internship description accepts valid input within the allowed limit	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Internship Details 5. Open internship description 6. Enter a valid description within the allowed limit	An application for ordering food online	Description should be accepted within the allowed limit	Description is accepted within the allowed limit	PASS
	NAU_UP_135	Verify Key Skills field accepts valid skills	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Internship Details 5. Enter/select valid skills	Java, SQL, HTML, CSS	Valid skills should be accepted	Valid skills are accepted	PASS
	NAU_UP_136	Verify that the entered project URL is valid	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Internship Details 5. Click on the Project URL 6. Enter a valid URL	https://www.fooddelivery.com	Valid URL should be accepted	Valid URL is accepted	PASS
	NAU_UP_137	Verify optional Project URL can be left empty	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Internship Details 5. Click on the Project URL 6. Leave Project URL blank		Internship details should be saved without requiring the optional URL	Internship details are saved without requiring the optional URL	PASS
	NAU_UP_138	Verify internship details are saved successfully with valid mandatory information	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Internship Details 5. Enter valid mandatory internship details 6. Save the internship entry	Valid Internship Details	Internship details should be saved successfully	Internship details are saved successfully	PASS
	NAU_UP_139	Verify that an existing internship entry can be deleted successfully	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Internship Details 5. Open an existing internship entry 6. Select Delete		The internship entry should be deleted successfully	The internship entry is deleted successfully	PASS
	NAU_UP_140	Verify that multiple internship entries can be added to the profile	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Internship Details 5. Add the first internship and save it 6. Add another internship and save it	TCS — 6 months Infosys — 3 months	Multiple internship entries should be added and displayed correctly	Multiple internship entries are added and displayed correctly	PASS
	NAU_UP_141	Verify that saved internship details can be edited successfully	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Internship Details 5. Open a saved internship entry 6. Modify a detail and save the changes	Duration: 3 months → 6 months	Updated internship details should be saved and displayed correctly	Updated internship details are saved and displayed correctly	PASS

	NAU_UP_142	Verify that the Project section displays all required and optional fields	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Navigate to Project section 5. Review the available fields		All required and optional project fields should be displayed correctly	All required and optional project fields are displayed correctly	PASS
	NAU_UP_143	Verify that a project can be added with valid project details	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Project section 5. Enter valid project details	Online Travel Booking Application	Project should be added successfully	Project is added successfully	PASS
	NAU_UP_144	Verify that the project end date cannot be earlier than the start date	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Project section 5. Enter starting date and end date earlier than start date	Start: January 2025 End: December 2024	Earlier project end date should not be accepted	Earlier project end date is not accepted	PASS
	NAU_UP_145	Verify that the project details field accepts the maximum character limit	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Project section 5. Click the project details. 6. Enter text up to the allowed maximum limit	An application for searching and booking flights and hotels	Text up to the allowed limit should be accepted without exceeding the defined limit	Text up to the allowed limit is accepted without exceeding the defined limit	PASS
	NAU_UP_146	Verify that an Project URL accepts a valid URL	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Project section 5. Click the Project URL field 6. Enter a valid URL	https://www.travelbooking.com	Valid URL should be accepted	Valid URL is accepted	PASS
	NAU_UP_147	Verify that an Project URL rejects an invalid URL	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Project section 5. Click the Project URL field 6. Enter an invalid URL	travelbooking@com	Invalid URL should be rejected with appropriate validation	Invalid URL is rejected with appropriate validation	PASS
	NAU_UP_148	Verify that a project entry can be edited successfully	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Project section 5. Open an existing project 6. Modify the project details and Save the changes	Project Name: Updated Project	Updated project details should be saved successfully	Updated project details are saved successfully	PASS
	NAU_UP_149	Verify that a project entry can be deleted successfully	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Project section 5. Open an existing project 6. Select Delete		The selected project should be deleted successfully	The selected project is deleted successfully	PASS
	NAU_UP_150	Verify that multiple project entries can be added	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Project section 5. Add the first project and save it 6. Add another project and save it	1. Online Travel Booking Application 2. Laundry Booking App	Multiple projects should be added and displayed correctly	Multiple projects are added and displayed correctly	PASS

	NAU_UP_151	Verify that the Accomplishments section is displayed correctly	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Navigate to Accomplishments section		Accomplishments section should be displayed correctly	Accomplishments section is displayed correctly	PASS
	NAU_UP_152	Verify that a certification can be added successfully	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Accomplishments section 5. Select Certification 6. Enter certification details and save	Java Programming Certificate	Certification should be added successfully	Certification is added successfully	PASS
	NAU_UP_153	Verify that a club or committee can be added successfully	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Accomplishments section 5. Select Club/Committee 6. Enter details and save	Coding Club	Club/committee should be added successfully	Club/committee is added successfully	PASS
	NAU_UP_154	Verify that an award or recognition can be added successfully	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Accomplishments section 5. Select Award/Recognition 6. Enter details and save	Best Project Award	Award/recognition should be added successfully	Award/recognition is added successfully	PASS
	NAU_UP_155	Verify that an existing accomplishment can be edited	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Accomplishments section 5. Open an existing accomplishment 6. Modify the details and save	Updated Project Award	Updated accomplishment should be saved successfully	Updated accomplishment is saved successfully	PASS
	NAU_UP_156	Verify that an existing accomplishment can be deleted	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Accomplishments section 5. Open an existing accomplishment 6. Select Delete		The selected accomplishment should be deleted successfully	The selected accomplishment is deleted successfully	PASS
	NAU_UP_157	Verify that multiple accomplishments can be added	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Accomplishments section 5.. Add a certification , Club/Committee , Award/Recognition 6. Save each entry	Certification: Java Certificate Club: Coding Club Award: Best Project Award	Multiple accomplishment entries should be saved and displayed correctly	Multiple accomplishment entries are saved and displayed correctly	PASS
	NAU_UP_158	Verify that a competitive exam can be selected successfully from the drop-down list	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Competitive Exam 5. Click the exam dropdown 6. Select an exam	JEE Mains	The selected competitive exam should be displayed correctly	The selected competitive exam is displayed correctly	PASS

	NAU_UP_159	Verify that the rank can be entered successfully	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Competitive Exam 5. Select a competitive exam 6. Enter a valid rank	10000	The valid rank should be accepted	The valid rank is accepted	PASS
	NAU_UP_160	Verify that competitive exam details can be saved successfully	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Competitive Exam 5. Select a competitive exam 6. Enter a valid rank 7. Save the details	Exam: JEE Mains Rank: 10000	Competitive exam details should be saved successfully	Competitive exam details are saved successfully	PASS
	NAU_UP_161	Verify that an invalid value is not accepted in the Rank field	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Competitive Exam 5. Select a competitive exam 6. Enter an invalid rank	@#$	Invalid rank value should be rejected with appropriate validation message	Invalid rank value is rejected with appropriate validation message	PASS
	NAU_UP_162	Verify that the Employement Details section is displayed correctly	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Navigate to Employment Details section		Employment Details section should be displayed correctly	Employment Details section is displayed correctly	PASS
	NAU_UP_163	Verify that employment details can be added successfully with valid information	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Employment Details 5. Enter valid employment information and save	Company: Infosys Designation: Software Engineer Location: Bengaluru	Employment details should be saved successfully	Employment details are saved successfully	PASS
	NAU_UP_164	Verify that invalid values are not accepted in the total work experience fields	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Employment Details 5. Click work experience fields 6. Enter invalid values	Years: -1	Invalid experience values should be rejected with appropriate validation message	Invalid experience values are rejected with appropriate validation message	PASS
	NAU_UP_165	Verify that the end date cannot be earlier than the start date	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Employment Details 5. Select employment start date 6. Select an earlier end date	Start : June 2025 End : April 2025	Earlier end date should not be accepted	Earlier end date is not accepted	PASS
	NAU_UP_166	Verify that selecting "I currently work here" handles the end date correctly	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Employment Details 5. Select I currently work here 6. Observe the End Date field		End Date should be handled appropriately for current employment	End Date is handled appropriately for current employment	PASS

	NAU_UP_167	Verify that an existing employment entry can be edited successfully	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Employment Details 5. Open an existing employment entry 6. Modify the details and save	Designation: Senior Software Engineer	Updated employment details should be saved successfully	Updated employment details are saved successfully	PASS
	NAU_UP_168	Verify that an existing employment entry can be deleted successfully	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Employment Details 5. Open an existing employment entry 6. Select Delete		The selected employment entry should be deleted successfully	The selected employment entry is deleted successfully	PASS
	NAU_UP_169	Verify that an academic achievement can be selected and saved successfully	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4 .Open Academic Achievements 5. Select an available achievement and save	University Rank Holder	The selected academic achievement should be saved successfully	The selected academic achievement is saved successfully	PASS
	NAU_UP_170	Verify that multiple academic achievements can be selected and saved	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Academic Achievements 5. Select multiple achievements and save	University Rank Holder Academic Excellence	Multiple academic achievements should be saved successfully	Multiple academic achievements are saved successfully	PASS
	NAU_UP_171	Verify that Class X and Class XII educational details can be added and saved successfully	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open School Education details 5. Enter Class X details 6. Enter Class XII details 7. Save	Class X: 92% Class XII: 90%	Class X and Class XII details should be saved successfully	Class X and Class XII details are saved successfully	PASS
	NAU_UP_172	Verify that a valid profile summary can be entered and saved successfully	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Profile Summary 5. Enter a valid summary 6. Save the profile	Motivated software developer with knowledge of Java, SQL, web technologies and application development	The valid profile summary should be accepted and saved successfully	The valid profile summary is accepted and saved successfully	PASS

NAUKRI APP

Open a job listing 5. Review the job description and available information		The job description and relevant available information should be displayed clearly and completely	The iOS app provides less detailed job information compared with the Android version, and salary information is missing from most job listings	FAIL
	NAU_OPP_249	Verify that all available job openings are displayed correctly	1. Launch the Naukri app 2. Log in using valid credentials 3. Navigate to the Opportunities screen 4. Perform a valid job search 5. Review the displayed job openings 6. Scroll through the results		Available job openings matching the search criteria should be displayed correctly without unintended missing or duplicate listings	Fewer job openings are displayed on the iOS app compared with the Android version for the same search criteria	FAIL
	NAU_OPP_250	Verify that the recent searches are displayed in Search History	1. Launch the Naukri app 2. Log in using valid credentials 3. Navigate to the Opportunities screen 4. Perform a job search 5. Exit the search screen 6. Check for Search History		The recent search should be displayed in Search History	No Search History option is available to view previously performed searches	FAIL
	NAU_OPP_251	Verify that the user can apply for a job using the available application option	1. Launch the Naukri app 2. Log in using valid credentials 3. Navigate to the Opportunities screen 4. Search for a suitable job 5. Open the job details and tap Apply option 6. Complete any required application steps 7. Submit the application		The application should allow the user to submit the job application successfully and display an appropriate confirmation or updated application status	The application allows the user to submit the job application successfully and display an appropriate confirmation or updated application status	PASS
	NAU_OPP_252	Verify that the Applied Jobs screen opens successfully	1. Launch the Naukri app 2. Log in using valid credentials 3. Navigate to the Opportunities screen 4. Click on Applied Jobs 5. Observe the screen		The Applied Jobs section should open successfully	The Applied Jobs section opens successfully	PASS
	NAU_OPP_253	Verify that the applied jobs and application details are displayed correctly	1. Launch the Naukri app 2. Log in using valid credentials 3. Navigate to the Opportunities screen 4. Open Applied Jobs 5. Review the listed applications 6. Open an available application		Applied jobs and their available application details should be displayed correctly	Applied jobs and their available application details are displayed correctly	PASS
	NAU_OPP_254	Verify that the application status is displayed correctly	1. Launch the Naukri app 2. Log in using valid credentials 3. Navigate to the Opportunities screen 4. Open Applied Jobs 5. Select an applied job 6. Observe the application status		The current application status should be displayed correctly	The current application status is displayed correctly	PASS
	NAU_OPP_255	Verify that the user can open an applied job and view its details	1. Launch the Naukri app 2. Log in using valid credentials 3. Navigate to the Opportunities screen 4. Open Applied Jobs 5. Select an applied job 6. Observe the job details		The selected applied job should open and its available details should be displayed correctly	The selected applied job opens and its available details are displayed correctly	PASS

	NAU_OPP_256	Verify that the recruiter invitations/messages are displayed correctly	1. Launch the Naukri app 2. Log in using valid credentials 3. Navigate to the Opportunities screen 4. Open recruiter invitations/messages 5. Review the available messages or invitations		Available recruiter invitations and messages should be displayed correctly	Available recruiter invitations and messages are displayed correctly	PASS
	NAU_OPP_257	Verify that the recruiter invitation shown in the app is received through the associated email	1. Launch the Naukri app 2. Log in using valid credentials 3. Navigate to the Opportunities screen 4. Receive a recruiter invitation in the app 5. Open the associated email account 6. Check for the corresponding invitation email		The recruiter invitation should be received through the associated email account	The recruiter invitation is displayed in the app, but the corresponding email is not received in the associated email account	FAIL
	NAU_OPP_258	Verify that the recruiter contact notification is followed by the expected email communication	1. Launch the Naukri app 2. Log in using valid credentials 3. Navigate to the Opportunities screen 4. Receive a recruiter contact notification 5. Open the associated email account 6. Check for the corresponding email communication		The corresponding recruiter email communication should be received after the recruiter contact notification	The corresponding recruiter email communication is received after the recruiter contact notification	PASS
	NAU_OPP_259	Verify that the chatbot successfully submits a job application when instructed to apply	1. Launch the Naukri app 2. Log in using valid credentials 3. Navigate to the Opportunities screen 4. Open the chatbot/AI Assistant 5. Instruct it to apply for a suitable job 6. Follow the application flow 7. Verify the application submission		The chatbot should complete and submit the job application successfully when the feature supports application submission	The chatbot does not submit the job application, and no corresponding application action is performed	FAIL
	NAU_OPP_260	Verify that the profile/job requirement match is displayed	1. Launch the Naukri app 2. Log in using valid credentials 3. Navigate to the Opportunities screen 4.Open a job listing 5. Review the job details and profile-related information		The application should display how the user's profile matches the job requirements, including matched and missing skills or qualifications	The application does not display a profile/job requirement match or identify matched and missing skills or qualifications for the selected job	FAIL
	NAU_OPP_261	Verify that the skill-gap suggestions are displayed based on job requirements	1. Launch the Naukri app 2. Log in using valid credentials 3. Navigate to the Opportunities screen 4. Open a job with requirements not fully covered by the profile 5. Review the job requirements 6. Check for skill-gap suggestions		The application should suggest relevant skills that are missing from the user's profile	No skill-gap suggestions are provided based on the job requirements	FAIL
	NAU_OPP_262	Verify that the saved jobs are displayed correctly	1. Launch the Naukri app 2. Log in using valid credentials 3. Navigate to the Opportunities screen 4. Open Saved Jobs 5. Review the saved job listings		Saved jobs should be displayed correctly with their available job information	Saved jobs are displayed correctly with their available job information	PASS

	NAU_OPP_263	Verify that the user can open a saved job and view its details	1. Launch the Naukri app 2. Log in using valid credentials 3. Navigate to the Opportunities screen 4. Open Saved Jobs 5. Select a saved job 6. Observe the job details		The selected saved job should open and its available details should be displayed correctly	The selected saved job opens and its available details are displayed correctly	PASS
	NAU_OPP_264	Verify that the user can remove a job from Saved Jobs	1. Launch the Naukri app 2. Log in using valid credentials 3. Navigate to the Opportunities screen 4. Open Saved Jobs 5. Select a saved job 6. Click the available remove/unsave option 7. Check the Saved Jobs list		The selected job should be removed successfully from Saved Jobs and should no longer appear in the list	The selected job are removed successfully from Saved Jobs and are no longer appear in the list	PASS
	NAU_OPP_265	Verify that the users can add notes to jobs	1. Launch the Naukri app 2. Log in using valid credentials 3. Navigate to the Opportunities screen 4. Open a job 5. Check for an option to add a note		The application should allow the user to add and save a personal note associated with the selected job	No option is available to add a personal note to the job	FAIL
	NAU_OPP_266	Verify that the users can set follow-up reminders for jobs	1. Launch the Naukri app 2. Log in using valid credentials 3. Navigate to the Opportunities screen 4. Open a job or applied job 5. Check for a follow-up reminder option		The application should allow the user to set and save a follow-up reminder for the selected job	No option is available to set a follow-up reminder for the job	FAIL
	NAU_OPP_267	Verify that company ratings and reviews are displayed within the job-search flow	1. Launch the Naukri app 2. Log in using valid credentials 3. Navigate to the Opportunities screen 4. Search for a job 5. Open the company information section 6. Check for ratings and reviews		Company ratings and reviews should be accessible within the job-search flow when available	Company ratings and reviews are not available within the job-search flow	FAIL
	NAU_OPP_268	Verify that job-expiry or closing reminders are displayed for saved jobs	1. Launch the Naukri app 2. Log in using valid credentials 3. Navigate to the Opportunities screen 4. Save a job with a closing date 5. Open Saved Jobs 6. Check for an expiry or closing reminder		The application should notify the user when a saved job is approaching its closing date or is no longer accepting applications	No job-expiry or closing reminder is provided for saved jobs	FAIL

NAUKRI APP								
VERSION :					IDENTIFIED BY : ATHIRA M			
REPORTED TO : EBIN KURIAN					DATE : 27/09/2026			
ENVIRONMENT DETAILS : IPHONE 12, IOS								
BUG_ID	**TEST_ID**	**EXPECTED RESULT**	**BUG DESCRIPTION**	**STEPS TO REPRODUCE**	**SCREENSHOT**	**SEVERITY**	**PRIORITY**	**STATUS**
DEF_NAU_01	NAU-SS-10	The splash screen should not remain stuck, and the application should proceed to the next screen	The application remains on the splash screen beyond the expected loading duration and fails to proceed to the next screen, temporarily preventing the user from accessing the application	1. Launch the application 2. Observe the splash screen 3. Wait for the specified duration 4. Verify that the application proceeds to the next screen	https://drive.google.com/file/d/1s5Fta0HUKgGcgVGI-2fUIe792JpzMlo7/view?usp=drive_link	Major	High	New
DEF_NAU_02	NAU_REG_50	The Password field should reject a password that does not meet the specified strength requirements	The Registration form accepts a password that does not satisfy the application's specified password-strength requirements, allowing registration to proceed with an insufficiently strong password	1. Launch the application 2. Navigate to the Registration screen 3. Click on the Password field 4. Enter a weak password in the Password field	https://drive.google.com/file/d/1uh7ZnzYS8cH2Z7LTMJ0IJ8P5439wrPSg/view?usp=drive_link	Major	High	New
DEF_NAU_03	NAU_REG_51	Copy and paste operations should not be allowed in the Password field	The Password field allows users to copy and paste password content even though the field is expected to restrict copy and paste operations, potentially allowing password content to be transferred through the clipboard	1. Launch the application 2. Navigate to the Registration screen 3. Click on the Password field 4. Enter a password in the Password field 5. Attempt to copy and paste the password	https://drive.google.com/file/d/1HOwm67yAizacBvSk8hVWpzKX3cbq-QpA/view?usp=drive_link	Minor	Low	New
DEF_NAU_04	NAU_UP_102	Invalid city input should be rejected appropriately	The Outside India city field accepts an invalid or unsupported city value without displaying appropriate validation, allowing inconsistent location information to be entered into the user's profile	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Work Status 5. Select I'm a student / have never worked 6. Select Outside India 7. Enter an invalid city	https://drive.google.com/file/d/1y8dmylCV-IYZN6ovQiqYiIPMThzxr97Z/view?usp=drive_link	Minor	Medium	New
DEF_NAU_05	NAU_UP_105	The Location field should be displayed when “I’m Working” is selected	The Location field is not displayed after selecting “I’m working / have worked before” as the work status, preventing users in this category from providing their current location during profile completion	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Work Status 5. Select I'm working / have worked before 6. Observe the location section	https://drive.google.com/file/d/1yoUGsWeqjmU4xBgYacaVYln2dODOE8ow/view?usp=drive_link	Major	High	New
DEF_NAU_06	NAU_UP_113	Invalid university/institute input should be rejected appropriately	The University/Institute field accepts an unsupported or invalid value without providing appropriate validation , which may allow inaccurate educational information to be saved in the user's profile	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Education Details 5. Click University/Institute 6. Enter an invalid value	https://drive.google.com/file/d/17ptshodqLDiCZCEQEpIBEHuI2nOcXrT4/view?usp=drive_link	Minor	Low	New
DEF_NAU_07	NAU_UP_124	The unrecognized skill should not be accepted and an appropriate validation message should be displayed	The Key Skills section allows an unrecognized skill value to be added without displaying validation , which may result in inaccurate or irrelevant skills being stored in the user's profile	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Open Key Skills 5. Enter an unrecognized value 6. Try to add it	https://drive.google.com/file/d/1kg1hZV1SXlBogS3B8E9djiyMCrPsYjEK/view?usp=drive_link	Minor	Low	New
DEF_NAU_08	NAU_UP_130	Invalid company name should be rejected appropriately	The Company Name field accepts an invalid company value without displaying appropriate validation, potentially allowing inaccurate company information to be added to the user's internship details	1. Launch the Naukri app 2. Navigate to the Login screen 3. Open User Profile 4. Navigate to Internship Details 5. Click Company Name 6. Enter an invalid company name	https://drive.google.com/file/d/1uEu6Xh543o5l65Ots7H64quitlYq1USV/view?usp=drive_link	Minor	Low	New

	DEF_NAU_09	NAU_PRE_222	The application should display the user's completed and pending preparation activities along with overall progress across the available preparation features	The Prepare module does not provide a centralized view of the user's completed and pending preparation activities or an overall progress indicator across the available preparation features, making it difficult for users to track their preparation progress	1. Launch the Naukri app 2. Log in using valid credentials 3. Open the Prepare screen 4. Access the available preparation features 5. Review the preparation progress		Enhancement	Medium	New
	DEF_NAU_10	NAU_OPP_233	The Opportunities screen should open successfully	The Opportunities screen intermittently fails to load correctly and may remain in a loading state, temporarily preventing users from accessing recommended jobs and other available opportunities	1. Launch the Naukri app 2. Log in using valid credentials 3. Navigate to the Opportunities screen		Major	High	New
	DEF_NAU_11	NAU_OPP_235	Recommended jobs should be relevant to the user's available profile information, skills, and qualifications	The Recommended Jobs section displays job opportunities that are not sufficiently aligned with the user's available profile information, skills, and qualifications, reducing the relevance of the recommendations presented to the user	1. Launch the Naukri app 2. Log in using valid credentials 3. Navigate to the Opportunities screen 4. Review the recommended jobs		Major	High	New
	DEF_NAU_12	NAU_OPP_236	Recommended job cards should display the available job and company information correctly	Recommended job cards do not consistently display the available job and company information correctly, resulting in incomplete information being presented to users when reviewing recommended opportunities	1. Launch the Naukri app 2. Log in using valid credentials 3. Navigate to the Opportunities screen 4. Review the recommended job cards		Major	Medium	New
	DEF_NAU_13	NAU_OPP_238	The application should not display recommendations or guidance when the required candidate information is incomplete	The application displays job recommendations even when the required candidate profile information is incomplete, resulting in recommendations being presented without sufficient candidate information	1. Launch the Naukri app 2. Use a profile with incomplete candidate information 3. Open Opportunities screen 4. Review the recommended jobs		Major	Medium	New
	DEF_NAU_14	NAU_OPP_242	The selected company name should remain correctly displayed in the company field	After a company is selected from the suggestion list, the selected company name is not retained correctly in the company field and is instead displayed incorrectly, preventing users from confirming the selected company before performing the search	1. Launch the Naukri app 2. Log in using valid credentials 3. Navigate to the Opportunities screen 4. Enter a company name 5. Select the required company from the suggestions 6. Observe the company field		Major	High	New
	DEF_NAU_15	NAU_OPP_245	The Job Search page should load successfully and should not remain indefinitely stuck in a loading state	The Job Search page intermittently remains stuck in a loading state and fails to display the expected search content or results, even after the page is refreshed	1. Launch the Naukri app 2. Log in using valid credentials 3. Navigate to the Opportunities screen 4. Open Job Search 5. Observe the page while loading 6. Refresh the page and observe the result		Major	High	New
	DEF_NAU_16	NAU_OPP_248	The job description and relevant available information should be displayed clearly and completely	The job details page does not consistently provide complete and relevant information available for the selected job, resulting in users having insufficient information to fully evaluate the opportunity before applying	1. Launch the Naukri app 2. Log in using valid credentials 3. Navigate to the Opportunities screen 4. Open a job listing 5. Review the job description and available information		Major	Medium	New
	DEF_NAU_17	NAU_OPP_249	Available job openings matching the search criteria should be displayed correctly without unintended missing or duplicate listings	The application does not consistently display all available job openings matching the search criteria, resulting in potentially relevant opportunities being omitted from the search results	1. Launch the Naukri app 2. Log in using valid credentials 3. Navigate to the Opportunities screen 4. Perform a valid job search 5. Review the displayed job openings 6. Scroll through the results		Major	High	New

	DEF_NAU_18	NAU_OPP_250	The recent search should be displayed in Search History	The application does not provide a Search History feature to retain and display the user's recently performed job searches, requiring users to manually repeat previous search criteria	1. Launch the Naukri app 2. Log in using valid credentials 3. Navigate to the Opportunities screen 4. Perform a job search 5. Exit the search screen 6. Check for Search History		Enhancement	Low	New
	DEF_NAU_19	NAU_OPP_257	The recruiter invitation should be received through the associated email account	A recruiter invitation received within the Naukri application is not accompanied by the corresponding notification email in the user's associated email account, resulting in inconsistent communication across the available notification channels	1. Launch the Naukri app 2. Log in using valid credentials 3. Navigate to the Opportunities screen 4. Receive a recruiter invitation in the app 5. Open the associated email account 6. Check for the corresponding invitation email		Minor	Medium	New
	DEF_NAU_20	NAU_OPP_259	The chatbot should complete and submit the job application successfully when the feature supports application submission	When the AI Assistant indicates that a job application has been submitted, the application is not successfully reflected as a submitted application	1. Launch the Naukri app 2. Log in using valid credentials 3. Navigate to the Opportunities screen 4. Open the chatbot/AI Assistant 5. Instruct it to apply for a suitable job 6. Follow the application flow 7. Verify the application submission		Major	High	New
	DEF_NAU_21	NAU_OPP_260	The application should display how the user's profile matches the job requirements, including matched and missing skills or qualifications	The job details screen does not provide profile-to-job requirement matching information, such as matched and missing skills or qualifications, making it difficult for users to understand how closely their profile aligns with the selected job	1. Launch the Naukri app 2. Log in using valid credentials 3. Navigate to the Opportunities screen 4.Open a job listing 5. Review the job details and profile-related information		Enhancement	Medium	New
	DEF_NAU_22	NAU_OPP_261	The application should suggest relevant skills that are missing from the user's profile	The application does not provide skill-gap suggestions identifying relevant skills missing from the user's profile when the selected job requires skills that are not currently covered by the profile	1. Launch the Naukri app 2. Log in using valid credentials 3. Navigate to the Opportunities screen 4. Open a job with requirements not fully covered by the profile 5. Review the job requirements 6. Check for skill-gap suggestions		Enhancement	Medium	New
	DEF_NAU_23	NAU_OPP_265	The application should allow the user to add and save a personal note associated with the selected job	The job details screen does not provide an option for users to add and save personal notes against a selected job, limiting the user's ability to record job-specific information for later reference	1. Launch the Naukri app 2. Log in using valid credentials 3. Navigate to the Opportunities screen 4. Open a job 5. Check for an option to add a note		Enhancement	Low	New
	DEF_NAU_24	NAU_OPP_266	The application should allow the user to set and save a follow-up reminder for the selected job	The application does not provide an option to create and save follow-up reminders for selected or applied jobs, requiring users to manage follow-up activities outside the application	1. Launch the Naukri app 2. Log in using valid credentials 3. Navigate to the Opportunities screen 4. Open a job or applied job 5. Check for a follow-up reminder option		Enhancement	Low	New
	DEF_NAU_25	NAU_OPP_267	Company ratings and reviews should be accessible within the job-search flow when available	The job-search screen does not provide accessible company ratings and reviews, limiting the additional company-related information available to users when evaluating job opportunities	1. Launch the Naukri app 2. Log in using valid credentials 3. Navigate to the Opportunities screen 4. Search for a job 5. Open the company information section 6. Check for ratings and reviews		Enhancement	Low	New
	DEF_NAU_26	NAU_OPP_268	The application should notify the user when a saved job is approaching its closing date or is no longer accepting applications	The application does not provide notifications or reminders when a saved job is approaching its closing date or is no longer accepting applications, which may cause users to miss application deadlines	1. Launch the Naukri app 2. Log in using valid credentials 3. Navigate to the Opportunities screen 4. Save a job with a closing date 5. Open Saved Jobs 6. Check for an expiry or closing reminder		Enhancement	Medium	New
